

Dear customer,

the transport of an animal from unlisted third countries to the EU has to be approved by Condor. Please fill in the following fields to enable a check of the documents. Afterwards please send the form to sonderreservierung@condor.com and carry it with you on entire journey.

For security reasons, we can only accept pets with previous application and a confirmed reservation that are travelling with a booked passenger. We will accept one pet per passenger in the cabin or in the cargo hold, provided we have enough available capacity.

As required under EU Regulation 576/2013 and EU Regulation 577/2013, we will only transport dogs and cats from unlisted third countries to the EU if they are at least 7 months old. We will not transport sick or injured animals or dogs and cats that either gave birth less than 48 hours before the flight, or probably will give birth during the flight. Pets sedated by medication must respond when spoken to.

If the aforementioned regulations are violated, you are obliged to pay the fine and/or the expenses (especially quarantine costs) imposed on Condor by the country concerned or, in case of advance payment by Condor, to reimburse Condor.
