Flights will not be delayed for passengers who have not completed any of these pre-boarding requirements.
- (2) The passenger should provide the carrier with their preferred means of communication from among means offered by the carrier (for example, email address and/or telephone numbers) when the carrier solicits point of contact information from the passenger in case the carrier must communicate with the passenger prior to their departure or at any point during the passenger's itinerary. The carrier has an obligation to communicate information to its passengers as per [Rule 97](#), Communication of information – cancellation, delay, tarmac delay, or denial of boarding.

Condor is not liable for such cancellation but Condor will refund the passenger in accordance with the voluntary refunds provisions published in this Tariff.

(E) Check-in time limits

Travel	Recommended check-in time*	Check-in/baggage drop-off deadline**	Boarding gate deadline***
International	180 minutes	60 minutes	45 minutes

If the passenger fails to meet either the check-in/baggage drop off deadline or the boarding gate deadline specified in the above chart, Condor may reassign any pre-reserved seat and/or cancel the reservation of the passenger and Condor may not be able to transport the passenger's baggage. Condor is not liable for loss or expense due to passenger's failure to comply with this provision.

***Recommended check-in time:** To ensure that the passenger has plenty of time to check in, drop off checked baggage and pass through security, the above table sets out how much in advance of the flight's departure time the passenger should check in. e.g. if the passenger's flight from Frankfurt to Toronto leaves at 4:00 pm, Condor recommends that the passenger check in by 1:00 pm (180 minutes before their flight).

Nonetheless, complimentary seat selection is available at the time of check-in.

The advance seat selection fee will be charged per passenger and will be applied as set out in the table below:

- (2) If the passenger who is assigned seating in accordance with (D)(1) (above) chooses a seat that is in a higher class of service than their tickets provide, the carrier will request supplementary payment representing the price difference between the classes of service.

Rule 45: Stopovers

(A) General

- (1) Except as otherwise provided in this rule, stopovers within the validity period of the ticket will be permitted at any scheduled stop unless this tariff or government regulations do not permit a stopover at any such stop.
- (2) Stopovers will be permitted under the following conditions:
 - (a) Stopovers must be arranged with the carrier in advance and specified on the ticket.
 - (b) Specific fare rules may not permit stopovers or limit the number of stopovers allowed or there may be an additional charge for stopovers based on the fare purchased by the passenger. Refer to the rule applicable to the fare in question for further information.
 - (c) If a portion of a journey is travelled by surface transportation, a stopover will be deemed to have taken place for such transportation.
 - (d) **For travel to/from Canada except within Canada and between Canada and the U.S.A:** No stopover will have occurred if the passenger departs the connecting point on the date of arrival or if there is no scheduled connecting departure on the date of arrival, the passenger's departure occurs the next day and within 24 hours of arrival at the connecting point.

- (4) An intermediate point(s) specified along the routing may be omitted.
- (5) All routings are applicable in either direction, unless otherwise restricted.
- (6) Where no carrier is indicated between two points, travel is limited to Condor Flugdienst GmbH.
- (7) If more than one routing is applicable via the same fare, the passenger, and prior to the issuance of the ticket, may specify the routing. If no routing is specified by the passenger, the carrier will determine the routing.

Rule 54: Interline baggage acceptance

Definitions

"airline designator code" means an identification code comprised of two-characters which is used for commercial and traffic purposes such as reservations, schedules, timetables, ticketing, tariffs and airport display systems. Airline designators are assigned by IATA. When this code appears on a ticket, it reflects the carrier that is marketing the flight, which might be different from the carrier operating the flight.

"baggage rules" means the conditions associated with the acceptance of baggage, services incidental to the transportation of baggage, allowances and all related charges. For example, baggage rules may address the following topics:

- The maximum weight and dimensions of passenger bags, if applicable, both checked and unchecked;
- The number of checked and unchecked passenger bags that can be transported and the applicable charges;
- Excess and oversized baggage charges;
- Charges related to check-in, collection and delivery of checked baggage;
- Acceptance of and charges related to special items, e.g. surf boards, pets, bicycles;
- Baggage provisions related to prohibited or unacceptable items, including embargoes;
- Terms or conditions that would alter or impact the baggage allowances and charges applicable to passengers (e.g. frequent flyer status, early check-in, pre-purchasing baggage allowances with a particular credit card); and,
- Other rules governing treatment of baggage at stopover points, including passengers subject to special baggage allowances or charges.

"down line carrier" means any carrier, other than the selecting carrier, that is identified as providing interline transportation to the passenger by virtue of the passenger's ticket.

"interline agreement" means an agreement between two or more carriers to co-ordinate the transportation of passengers and their baggage from the flight of one air carrier to the flight of another air carrier (through to the next point of stopover).

"interline itinerary" means all flights reflected on a single ticket involving multiple air carriers. Only travel on a single ticket is subject to the Agency's [Decision No. 144-A-2014](#) related to [Interline Baggage Rules for Canada](#) provided the origin or the ultimate ticketed destination is a point in Canada.

"interline travel" means travel involving multiple air carriers listed on a single ticket that is purchased via a single transaction.

"marketing carrier" means the carrier that sells flights under its code.

"most significant carrier (MSC)" is determined by a methodology, established by IATA (Resolution 302), which establishes, for each portion of a passenger's itinerary where baggage is checked through to a new stopover point, which carrier will be performing the most significant part of the service. For travelers under the Resolution 302 system, the baggage rules of the MSC will apply. For complex itineraries involving multiple checked baggage points, there may be more than one MSC, resulting in the application of differing baggage rules through an itinerary.

"most significant carrier (MSC) – IATA Resolution 302 as conditioned by the Agency" means that in this instance, the MSC is determined by applying IATA Resolution 302 methodology as conditioned by the Agency in its [Decision No. 144-A-2014](#). The Agency's reservation has stipulated that only a single set of baggage rules may apply to any given interline itinerary. The aim of the Agency's reservation is to allow the selecting carrier to use the MSC methodology to determine which carrier's baggage rules apply to an international interline itinerary to or from Canada, while reinforcing the role of tariffs in the determination of which carrier's rules apply.

"operating carrier" means the carrier that operates the actual flight.

"participating carrier(s)" includes both the selecting carrier and down line carriers who have been identified as providing interline transportation to the passenger by virtue of the passenger's ticket.

"selected carrier" means the carrier whose baggage rules apply to the entire interline itinerary.

"selecting carrier" means the carrier whose designator code is identified on the first flight segment of the passenger's ticket at the beginning of an interline itinerary issued on a single ticket whose origin or ultimate destination is in Canada.

"single ticket" is a document that permits travel from origin to destination. It may include interline/code-share and intra-line segments. It may also include end-to-end combinations (i.e., stand alone fares that can be bought separately but combined together to form one price).

"summary page at the end of an online purchase" is a page on a carrier's Web site which summarizes the details of a ticket purchase transaction just after the passenger has agreed to purchase the ticket from the carrier and has provided a form of payment.

"ultimate ticketed destination" means in situations where a passenger's origin is a non-Canadian point and the itinerary includes at least one stop in Canada, as well as at least one stop outside of Canada. If the stop in Canada is the farthest checked point and the stop is more than 24 hours, the Agency would consider the ultimate ticketed destination to be Canada.

(A) Applicability

- (1) This Rule is applicable to all interline itineraries issued on a single ticket whose origin or ultimate ticketed destination is in Canada.
- (2) It establishes how the carrier will determine which carrier's baggage rules apply to any passenger's entire interline itinerary.

(B) General

- (1) For the purposes of interline baggage acceptance:
 - (a) the carrier whose designator code is identified on the first segment of the passenger's interline ticket will be known as the selecting carrier.
 - (b) any carrier who is identified as providing interline transportation to the passenger by virtue of the passenger's ticket will be known as a participating carrier.

(C) Baggage rule determination by selecting carrier

Checked baggage

- (1) When Condor is the selecting carrier, it will:
 - (a) Select the MSC, as determined by IATA Resolution 302 as conditioned by the Agency, in order for that carrier's baggage rules, as established in its tariff, to apply to the entire interline itinerary.
- (2) The carrier identified by means of (a) will be known as the selected carrier.

Carry-on baggage

- (3) Each operating carrier's carry-on baggage allowances will apply to each flight segment in an interline itinerary. Notwithstanding, the carry-on baggage charges that will apply to the entire interline itinerary will be those of the selected carrier.

(D) Baggage rule application by participating carrier

- (1) Where Condor is not the selected carrier on an interline itinerary but is a participating carrier that is providing transportation to the passenger based on the ticket issued, Condor will apply as its own the baggage rules of the selected carrier throughout the interline itinerary.

(E) Disclosure of baggage rules**Summary page at the end of an online purchase and e-ticket disclosure**

(A) General

(1) In cases where one of the following applies:

- (a) [Rule 90](#), Delay or cancellation – outside Condor’s control,
- (b) [Rule 91](#), Delay or cancellation – within Condor’s control and within Condor's control but required for safety purposes,
- (c) [Rule 92](#), Tarmac delay,
- (d) [Rule 95](#), Denial of boarding – outside Condor’s control, or
- (e) [Rule 96](#), Denial of boarding – within Condor’s control and within Condor's control but required for safety purposes,

pursuant to the provisions of the APPR, Condor will provide the following information to the affected passengers:

- (i) the reason for the delay, cancellation, or denial of boarding;
 - (ii) the compensation to which the passenger may be entitled for the inconvenience;
 - (iii) the standard of treatment for passengers, if any; and
 - (iv) the recourse available against Condor, including their recourse to the Agency.
- (2) In the case of a delay, Condor will communicate status updates every 30 minutes until a new departure time for the flight is set or alternate travel arrangements have been made for the affected passenger.
- (3) Condor will communicate new information to passengers as soon as feasible.
- (4) The information of paragraph (1) above will be provided by means of audible announcements. Visible announcements will be provided upon request.

- (5) The information of paragraph (1) above will also be provided to the passenger using the available communication method that the passenger has indicated that they prefer, including a method that is compatible with adaptive technologies intended to assist persons with disabilities.

Rule 98 – Schedule irregularities

Other schedule irregularities which are not described in this tariff include:

(A) General

Schedules are not guaranteed. Times shown in timetables or elsewhere are approximate and not guaranteed, and form no part of the contract of carriage. Schedules are subject to change without notice. Condor will not be responsible for errors or omissions either in timetables or other representations of schedules. No employee, agent or representative of Condor is authorized to bind Condor by any statements or representation as to the dates or times of departure or arrival, or of the operation of any flight. Condor will make reasonable efforts to inform passengers of delays and schedule changes and, to the extent possible, the reasons for them. It is always recommended that the passenger ascertain the flight's status and departure time either by registering for updates on their electronic device, via Condor's web site or by referring to airport terminal displays.

Condor will not guarantee and will not be held liable for cancellations or changes to flight times that appear on passengers' tickets due to force majeure, including labor disruptions or strikes. If applicable, a passenger may invoke the provisions of APPR or of the applicable convention regarding liability in the case of delay.

Condor undertakes to use its best efforts to carry the passenger and baggage with reasonable dispatch, but no particular time is fixed for the commencement or completion of carriage. Subject thereto Condor may, without notice, substitute alternate carriers or aircraft and may alter the route, add stopovers or omit the stopping places shown on the face of the ticket in case of necessity.

(B) Changes to scheduled departure time due to flight operational reasons and notification of the passenger

Subject to [Rule 90](#), Delay or cancellation – outside the carrier's control, [Rule 91](#), Delay or cancellation – within the carrier's control and within the carrier's control but required for safety purposes and [Rule 97](#), Communication of information – cancellation, delay, tarmac delay, or denial of boarding, Condor may change the planned departure time if the change is announced at least two weeks in advance of the planned departure time and is due to air

traffic related reasons that could not have been avoided despite Condor's taking all reasonable measures available.

Air traffic-related reasons may include necessary changes as part of the federal assignment of take-off and landing rights (slot assignment) and restricted operations at airports, as well as reasons related to national and international flight safety and traffic regulation agencies. Condor has the burden of proof that the change is due to air traffic-related reasons that could not have been avoided even using all reasonable measures.

Condor will inform all guests immediately upon obtaining knowledge of the required changes to the departure time.

(C) Change of aircraft, third-party air carrier and notification of passenger

If necessary, Condor may substitute the aircraft used and transfer carriage of passengers in full or in part to a third party/subcontractor, in which case Condor remains responsible for the carriage booked.

In the event that Condor must engage a third-party air carrier, Condor will immediately initiate all appropriate steps in order to ensure that the passenger is informed about the change as quickly as possible. At the very latest, passengers will be informed of such a change when checking in for their scheduled flight.

(D) Equipment changes resulting in overbooking — cabin class change

If a flight is overbooked in certain cabin classes, passengers may be upgraded or downgraded into another cabin class. Condor will follow a priority list depending on the ticket status and rank, however, priority will be given to persons with a disability.

Passengers who have been involuntarily downgraded will receive the most feasible service segments corresponding to the originally booked class, but will receive a partial refund to account for the difference between the original fare and the fare for the lower class of services.

Passengers who have been involuntarily upgraded will not be charged the difference between the fare for the original booking and the fare for the higher class of services.

In the event that overbooking results in denial of boarding, please refer to [Rule 95](#), Denial of boarding – outside the carrier's control; Rule 96, Denial of boarding – within the carrier's control and within the carrier's control but required for safety purposes and/or [Rule 97](#), Communication of information – cancellation, delay, tarmac delay, or denial of boarding.

(E) Missed connections

In the event a passenger misses an onward connecting flight on which space has been reserved for him/her on the same itinerary because Condor, as the delivering carrier, did not operate its flight according to schedules, or changed the schedule of such flight, Condor will arrange for the carriage of the passenger through alternate arrangements, provide a refund and/or compensation, as applicable, in accordance with this tariff.

(F) Changes requested by passenger

- (1) At the passenger's request, Condor will effect a change in the routing (other than the point of origin), carrier(s), class(s) of service, destination, fare or validity specified in an unused ticket, flight coupon(s) or miscellaneous charges order by issuing a new ticket or by endorsing such unused ticket, flight coupon(s) or miscellaneous charges order, provided that:
 - (a) Condor issued the original ticket
 - (b) Condor is the carrier designated in the "via carrier" box, or no carrier is designated in the "via carrier" box, of the unused flight coupon or miscellaneous charges order for the first onward carriage from the point on the route at which the passenger desires the change to commence. However, where the carrier who issued the ticket is designated as carrier for any subsequent section(s) and has an office or general agent, who is authorized to make endorsements, at the point on the route where the change is to commence or where the passenger makes his request for such change, the reissuing carrier shall obtain such issuing carrier's endorsement; or
 - (c) Condor has received written authority to do so from the carrier entitled to effect the change.
 - (d) When the rerouting results in a change of fare, the new fare and charges shall be constructed as follows:

- (e) (Not applicable to/from points in the US) If the destination is unchanged, the new fare shall be constructed from the last fare construction point preceding the point at which the rerouting takes place, as shown on the ticket submitted for rerouting, to the fare construction point shown on the ticket submitted for rerouting, beyond which the original fare construction remains applicable.
- (f) (Not applicable to/from points in the US) If the destination is changed, the new fare shall be constructed from the last fare construction point preceding the point at which the rerouting takes place, as shown on the ticket submitted for rerouting, to the new destination.
- (g) (Applicable only from/to points in the US) The new fare shall be calculated upon the basis of that which would have been applicable had the passenger purchased transportation for revised itinerary (which includes those points for which transportation has already been completed) prior to departure from point of origin.
- (h) Additional passage at the through fare and charges shall not be permitted unless request has been made prior to arrival at the destination named on the original ticket or miscellaneous charges order; and, after carriage has commenced:
 - (i) a one-way ticket shall not be converted into a round, circle or open jaw trip ticket at the round, circle or open jaw trip discount for any portion already flown. Discount will only be applied to any rerouted portion of the trip and only from the point of rerouting, not based on any portion of the trip already flown;
 - (ii) a round, circle or discounted open jaw trip ticket can be converted into any other one of these categories provided that the request therefore is made prior to arrival at the destination named on the original ticket or miscellaneous charges orders.
- (i) Any difference between the fares and charges applicable and the fares and charges paid by the passenger, will be collected from the passenger by the carrier accomplishing the rerouting, who will also pay to the passenger any amounts due to account of refunds.
- (j) The expiration date of any new ticket issued for a revised routing will be limited to the expiration date that would have been applicable had the new ticket been issued on the date of sale of the original ticket or miscellaneous charges order.

Rule 105: Refusal to transport

Definitions

- (1) For the purposes of [Rule 105](#):

“Force majeure” means any unforeseeable circumstances beyond the carrier’s control, the consequences of which could not have been avoided even if all due care had been exercised including, but without limitation, meteorological and geological conditions, acts of God, pandemics, strikes, riots, civil commotions, embargoes, wars, hostilities, disturbances, unsettled international conditions, shortage of fuel or facilities, or labor disputes, either actual, threatened or reported.

(A) Applicability

- (1) A refusal to transport a passenger only occurs in situations when the carrier operates a flight on which the passenger had a confirmed reservation but that specific passenger is not permitted to continue their journey on that flight due to any reasons specified in the paragraphs below. Refusal to transport can occur at the start of any journey or while the passenger is en route to their destination.
- (2) Flight delay, flight cancellation and denial of boarding do not constitute a situation of refusal to transport.

(B) Refusal to transport – removal of passenger

- (1) The carrier will refuse to transport, or will remove any passenger at any point, for any of the following reasons:

(a) Government requests and regulations and force majeure

Whenever it is necessary or advisable to:

- (i) comply with any government regulation;
- (ii) comply with any government request for emergency transportation; or,
- (iii) address force majeure.

(b) Search of passenger and property

When the passenger refuses to permit a search of their person or property for explosives or for concealed, prohibited, deadly or dangerous weapon(s) or article(s).

(c) Proof of identity/age

When the passenger refuses a request to produce government-issued identification to demonstrate proof of identity.

(i) Applicable only to travel within Canada:

Note: The carrier is obliged to screen each passenger by looking at the passenger, and in particular the passenger's entire face, to determine if they appear to be 18 years of age or older.

The carrier is also required to screen each passenger who appears to be 18 years of age or older by comparing the passenger, and in particular the passenger's entire face, against one piece of government-issued photo identification that shows the passenger's name, date of birth and gender; or two pieces (without photo) of government-issued identification at least one of which shows the passenger's name, date of birth and gender.

(ii) Applicable only to travel from Canada:

Note: The carrier is required to screen each passenger by looking at the passenger, and in particular the passenger's entire face, to determine if they appear to be 18 years of age or older.

The carrier is also required to screen each passenger who appears to be 18 years of age or older by comparing the passenger, and in particular the passenger's entire face, against one piece of government-issued photo identification that shows the passenger's name, date of birth and gender.

(d) Immigration or other similar considerations

When the passenger is to travel across any international boundary, if:

- (i) The travel documents of the passenger are not in order; or,
- (ii) For any reason the passenger's embarkation from, transit through, or entry into any country from, through, or to which the passenger desires transportation would be unlawful or would otherwise not be permitted.

(e) Failure to comply with carrier's rules and regulations

When the passenger fails or refuses to comply with rules and regulations of the carrier as stated in this tariff.

(f) Passenger's condition

- (i) When the passenger's actions or inactions prove to the carrier that their mental, intellectual or physical condition is such as to render them incapable of caring for themselves without assistance or medical treatment en route unless:

- (A) the passenger is accompanied by a support person who will be responsible for assisting with the passenger's needs en route such as assistance with eating, using the washroom facilities or administering medication which are beyond the range of services that are normally offered by the carrier; and,
- (B) the passenger complies with requirements of [Rule 69\(B\)](#), Acceptance for carriage.

Exception: The carrier will accept the determination made by or on behalf of a person with a disability as to self-reliance, except where accepting the person could jeopardize security, public health or public safety as per [Rule 69\(B\)](#), Acceptance for carriage.

Note: If the passenger is accompanied by a support person and the passenger is refused transport, then the support person will also be refused transport and the two will be removed from the aircraft together.

- (ii) When the passenger has a contagious disease.
- (iii) When the passenger has an offensive odour.

Medical clearance

- (iv) When the carrier determines, in good faith and using its reasonable discretion, that a passenger's medical or physical condition involves an unusual hazard or risk to their self or other persons (including, in the case of expectant mothers, unborn children) or property, the carrier can require the passenger to provide a medical certificate that then may be assessed by the carrier's own medical officer as a condition of the

passenger's acceptance for subsequent travel. The carrier may refuse transportation to the person posing such hazard or risk.

Note: Pregnant passengers:

- (A) An expectant mother with a complication-free pregnancy can travel on the carrier's flights up to the 36th week of pregnancy or up to four weeks before the expected due date without a medical certificate.
- (B) An expectant mother who is in or beyond the 28th week of pregnancy must present a medical certificate, dated within 72 hours of the scheduled time of departure. The certificate must state that the physician has examined the patient and found them to be physically fit for travel by air and the certificate must state the estimated date of birth.

(g) Failure to provide a suitable escort

When the passenger requires an escort due to a mental health condition and is under care of a psychiatric institution or in the custody of law enforcement personnel or other responsible authority and the necessary arrangements have not been made with the carrier in advance of the departure of the flight.

However, the carrier will accept escorted passengers under the following conditions when the passenger has a mental health condition and is under care of a psychiatric institution or in the custody of law enforcement personnel or other responsible authority:

- (i) Medical authority furnishes assurance, in writing, that an escorted person with a mental health condition can be transported safely.
- (ii) Only two (2) escorted passenger(s) will be permitted on a flight.
- (iii) Request for carriage is made at least 48 hours before scheduled departure.
- (iv) Acceptance is applicable to transportation on flights marketed and operated by Condor Flugdienst GmbH only.
- (v) The escort must accompany the escorted passenger at all times.
- (vi) Passenger in custody of law enforcement personnel or other responsible authority must be manacled.

(C) Passenger's conduct – refusal to transport – prohibited conduct and sanctions

(1) Prohibited conduct

Without limiting the generality of the preceding provisions, the following constitutes prohibited conduct where it may be necessary, in the reasonable discretion of the carrier, to take action to ensure the physical comfort or safety of the person, other passengers, and the carrier's employees; the safety of the aircraft; the unhindered performance of the crew members in their duty on-board the aircraft; or, safe and adequate flight operations:

- (a) The person, in the reasonable judgement of a responsible employee of the carrier, is under the influence of alcohol or drugs (except a patient under medical care).
- (b) The person's conduct, or condition is or has been known to be abusive, offensive, threatening, intimidating, violent or otherwise disorderly, and, in the reasonable judgement of a responsible employee of the carrier, there is a possibility that the person would cause disruption or serious impairment to the physical comfort or safety of other passengers or carrier's employees, interfere with a crew member in the performance of their duties, or otherwise jeopardize safe and adequate flight operations.
- (c) The person's conduct involves any hazard or risk to their self or other persons (including travel involving pregnant passengers or unborn children) or to property.
- (d) The person fails to observe the instructions of the aircraft crew, including instructions to stop any prohibited conduct.
- (e) The person is unable or unwilling to sit in their assigned seat with the seat belt fastened.
- (f) The person smokes or attempts to smoke in the aircraft.
- (g) The person uses or continues to use a cellular phone, a laptop computer or another electronic device on-board the aircraft after being advised to stop such use by a member of the crew.
- (h) The person is barefoot.
- (i) The person is inappropriately dressed.

- (j) The person has a prohibited article or concealed or unconcealed weapon(s). However, the carrier will carry law enforcement or armed forces personnel who meet the qualifications and conditions established under government regulations.
- (k) The person has resisted or may reasonably be believed to be capable of resisting escorts.

(2) Carrier response to prohibited conduct

Where, in the exercise of its reasonable discretion, the carrier decides that the passenger has engaged in prohibited conduct described above, the carrier may impose any combination of the following sanctions:

- (a) Removal of the passenger at any point.
- (b) **Probation:** At any time, the carrier may stipulate that the passenger is to follow certain probationary conditions, such as to not engage in prohibited conduct, in order for the carrier to provide transport to the passenger. Such probationary conditions may be imposed for any length of time which, in the exercise of the carrier's reasonable discretion, is necessary to ensure the passenger continues to avoid prohibited conduct.
- (c) **Refusal to transport the passenger:** The length of this refusal to transport may range from a one-time refusal to a longer period determined at the reasonable discretion of the carrier in light of the circumstances. Such refusal will be for a period appropriate to the nature of the prohibited conduct and until the carrier is satisfied that the passenger no longer constitutes a threat to the safety of other passengers, crew or the aircraft or to the comfort of other passengers or crew; the unhindered performance of the crew members in their duty on-board the aircraft; or safe and adequate flight operations.
- (d) The following conduct will automatically result in a refusal to transport, up to a lifetime ban:
 - (i) The person continues to interfere with the performance of a crew member's duties despite verbal warnings by the crew to stop such behaviour.
 - (ii) The person injures a crew member or other passenger or subjects a crew member or other passenger to a credible threat of injury.

- (iii) The person displays conduct that requires an unscheduled landing and/or the use of restraints such as ties and handcuffs.
- (iv) The person repeats a prohibited conduct after receiving a notice of probation as mentioned in (ii) above.

These remedies are without prejudice to the carrier's other rights and recourses, namely to seek recovery of any damage resulting from the prohibited conduct or as otherwise provided in the carrier's tariffs, including recourses provided in the carrier's frequent flyer program or the filing of criminal or statutory charges.

(D) Recourse of the passenger/limitation of liability

- (1) The carrier's liability in case of refusal to carry a passenger for a specific flight or removal of a passenger en route for any reason specified in the foregoing paragraphs will be limited to the recovery of the refund value of the unused portion of the passenger's ticket in accordance with [Rule 125\(B\)](#), Involuntary refunds.
- (2) Notwithstanding (1) above, passengers will be entitled to all other additional rights they may have under this tariff or elsewhere or any legal rights that international passengers may have pursuant to international conventions (e.g., the Warsaw Convention or the Montreal Convention) and related treaties.
- (3) A person who is refused carriage for a period of time or to whom a probation notice is served may provide to the carrier, in writing, the reasons why they believe they no longer pose a threat to the safety or comfort of passengers or crew, or to the safety of the aircraft. Such document may be sent to the address provided in the refusal to carry notice or the notice of probation.
- (4) The carrier will respond to the passenger within a reasonable period of time providing carrier's assessment as to whether it remains necessary to continue the ban or maintain the probation period.

Rule 115: Tickets

(A) General

- (1) A ticket will not be issued and the carrier will not carry the passenger unless the passenger has paid the applicable fare or has complied with all credit arrangements.
- (2) Before boarding, the passenger must present the carrier with proof that they have been issued a valid ticket for the flight. Such proof must be in the form of an itinerary/receipt, a record locator or reservation number, or boarding pass and the passenger must provide the carrier with positive identification to be entitled to transportation. The ticket will give the passenger the right to transportation only between the points of origin and ultimate destination, and on the dates, times and via the routing shown on the ticket.
- (3) Flight coupons will be honoured only in the order in which they are displayed on the passenger's ticket and stored in the carrier's database.
- (4) The ticket remains at all times the property of the carrier which issued the ticket.
- (5) The carrier does not permit the passenger to hold more than one confirmed reservation/ticket on the same departure flight/origin and destination for the same travel date.

(B) Validity for carriage

- (1) **General:** When validated, the ticket is good for carriage from the airport of departure to the airport of ultimate destination via the route shown on the ticket, for the applicable class of service and is valid for the period of time referred to in (2) below. The passenger will be accepted for carriage on the date and flight segments for which a seat has been reserved. When flight segments are issued on an **"open ticket"** basis (see (G) below), a seat will be reserved only when the passenger makes a reservation request with the carrier. The carrier's agreement to accept a reservation request is subject to the availability of space. The place and date of issue are then indicated on the ticket.
- (2) **Period of Validity:** Generally, the period of validity for transportation will be one year from the date on which transportation commences at the point of origin designated on the original ticket, or, if no portion of the ticket is used, one year from the date of issuance of the original ticket. However, certain fares may have

different periods of validity. If this is the case, the specific rules associated with the fare will take precedence.

- (3) **Computation of the ticket validity:** When computing the ticket validity i.e., the minimum/maximum stays and any other calendar periods set out in the ticket, the first day to be counted will be the day following the date that transportation commenced or that the ticket was issued.
- (4) **Expiration of validity:** Tickets expire at midnight on the last day of validity based on where the ticket was issued, unless Condor has extended the period of validity.

(C) Extension of ticket validity

- (1) **Carrier's operations:** If a passenger is prevented from travelling within the period of validity of their ticket because the carrier:
 - (a) cancels the flight upon which the passenger holds confirmed space;
 - (b) omits a scheduled stop, provided this is the passenger's place of departure, place of ultimate destination, or place of stopover;
 - (c) fails to operate a flight reasonably according to schedule;
 - (d) causes the passenger to miss a connection;
 - (e) substitutes a different class of service; or
 - (f) is unable to provide previously confirmed space;

the carrier will, without collecting any additional fare, extend the validity of the passenger's ticket until the passenger can continue their travel on the first flight where space is available. Validity can only be extended up to 7 days, or up to thirty days beyond the original limit when carrier is unable to provide previously confirmed space; or a flight is cancelled or postponed during the period of validity, a scheduled stop which is either a stopover or destination for the passenger is omitted, Condor substitutes a different class of service, or causes a passenger to miss a connection, or fails to operate a flight reasonably according to schedule.

(D) Waiver minimum/maximum stay provision

(1) In the event of death of a family member not accompanying the passenger

If the passenger holding a special fare ticket returns prior to the expiry of the minimum stay requirement because of the death of an immediate family member not accompanying the passenger, the passenger will be entitled to a refund of the additional amounts paid for transportation on the carrier's services in order to return early. However, no refund will be permitted unless the passenger produces a death certificate confirming that the death of the family member occurred after the commencement of travel.

(2) In the event of a passenger's death – provisions for accompanying passengers

(a) Extension of ticket validity (beyond 1 year) for normal fares and waiver of the maximum stay requirements of special fares

The carrier will extend the ticket validity for passengers who are either members of the immediate family of the deceased passenger or are other persons actually accompanying the deceased passenger for up to 90 days beyond the original ticket validity expiry date or 45 days after the date of death of the passenger, whichever date occurs first.

A death certificate or a copy, duly executed by the competent authorities in the country in which the death occurred must be presented at the time of re-ticketing. A competent authority is a person designated to issue a death certificate by the applicable laws of the country concerned.

If the death certificate is not available at the time the passengers are to travel, or, if the carrier has reason to doubt the validity of such certificate, passengers will be accommodated only upon payment of the fare applicable for the transportation used, and a request for refund may be filed with the carrier. Upon receipt of the request for refund and all supporting documents, the carrier will determine the validity of the request and, if valid, will refund the difference between the total fare paid by the passengers and the amount the passengers would have paid under the provision of this Rule.

(b) Waiver of minimum stay requirements – special fares

In the event of the death of a passenger en route, the minimum stay and group travel requirements with regard to special fares will be waived for passengers who are either members of the immediate family of the deceased passenger or are other persons actually accompanying the deceased person.

Passengers who have had their minimum stay requirement waived will only be accommodated in the class of service originally ticketed.

A death certificate or a copy, duly executed by the competent authorities, in the country in which the death occurred must be presented at the time of re-ticketing. A competent authority is a person designated to issue a death certificate by the applicable laws of the country concerned.

If the death certificate is not available at the time the passengers are to travel, or, if the carrier has reason to doubt the validity of such certificate, passengers will be accommodated only upon payment of the fare applicable to the transportation used, and a request for refund may be filed with the carrier. Upon receipt of the request for refund and all supporting documents, the carrier will determine the validity of the request and, if valid, will refund the difference between the total fare paid by the passengers and the amount the passengers would have paid under the provision of this Rule.

(3) Medical reasons and illness

(a) Ticket extension:

In the case of Normal fares, if, after the passenger commences travel and is prevented from travelling within the period of validity of the ticket because of illness, the carrier will extend the period of validity of the passenger's ticket until the date when the passenger becomes fit to travel according to a medical certificate. Should space not be available when the passenger becomes fit to travel, the carrier will re-accommodate the passenger on the first flight on which space is available. In all cases, travel will be in the same class of service which the passenger had originally paid to travel from the point where the journey is resumed. However, when the remaining flight coupons of the ticket involve one or more stopovers, the validity of the ticket will not be extended for more than 3 months from the date shown on the medical certificate. In these circumstances, the carrier will also extend the period of validity of the tickets of persons travelling with the incapacitated passenger.

In the case of Special fare tickets, the carrier will extend the validity of the tickets until the date when the passenger becomes fit to travel according to a medical certificate. Should space not be available when the passenger becomes fit to travel, the carrier will re-accommodate the passenger on the first flight on which space is available. In all cases, travel will be in the same class of service which the passenger had originally paid to travel from the point where the journey is resumed. However, when the remaining flight

coupons of the ticket involve one or more stopovers, the validity of the ticket will not be extended for more than 3 months from the date shown on the medical certificate. In these circumstances, the carrier will also extend the period of validity of the tickets of persons travelling with the incapacitated passenger.

(E) Upgrading (changing from a lower to a higher fare ticket)

- (1) Before travel commences, a passenger may upgrade to a fare of higher value to travel to any of the carrier's destinations in the world provided travel is in accordance with (2) below.
- (2) Passengers upgrading in accordance with (1) above, may do so provided:
 - (a) Ticketing and advance purchase requirements of the new fare have been met;
 - (b) Travel is via Condor Flugdienst GmbH;
 - (c) Reservations have been booked in the appropriate class of service of the new fare; and
 - (d) The difference in fares has been paid.
- (3) After departure, the passenger holding a ticket for return, circle trip or open jaw travel may upgrade the total fare in accordance with the rules of the fare paid.
- (4) The original fare paid (including all additional charges) will be used as a full credit towards the fare for the upgraded journey.
- (5) In the event travel at the new fare is subsequently changed and/or cancelled, the higher fee(s) for either the originally purchased or new fare shall be assessed.
- (6) **Exception:** For travel which has been upgraded to a fare type which has no associated fees, changes may be made without additional charge; however, the cancellation fee from the original fare will be applied to the new upgraded fare.

(F) Flights in sequence

- (1) Flights appearing on the passenger's itinerary/receipt and in the carrier's database must be used in sequence from the place of departure as shown on the passenger's

ticket. Each flight coupon will be accepted for transportation in the class of service on the date and flight for which space has been reserved.

(G) Open tickets

- (1) If a ticket or a flight coupon is issued without a specific seat on a flight being reserved in the carrier's reservation system, i.e. left open, space may be later reserved subject to the tariff conditions of the purchased fare and provided space is available on the flight requested.

(H) Transferability/non-transferability

- (1) A ticket is not transferable. Condor shall not be liable to the person entitled to be transported or to the person entitled to receive such refund for honouring or refunding such ticket when presented by someone other than the person entitled to be transported thereunder or to a refund in connection therewith.
 - (a) If a ticket is in fact used by any person other than the person to whom it was issued, with or without the knowledge and consent of the person to whom it was issued, Condor will not be liable for the destruction, damage, or delay of such unauthorized person's baggage or other personal property arising from or in connection with such unauthorized use.

If a ticket is in fact used by any person other than the person to whom it was issued, with or without the knowledge and consent of the person to whom it was issued, Condor will not be liable for the death or injury of such unauthorized person arising from or in connection with such unauthorized use (see note).

Note: Except to the extent provided in [Rule 121](#), Liability of the carrier for loss, damage to or delay of baggage, passenger delay or death or bodily injury – international transportation, rules affecting liability of carriers for personal injury or death are not permitted to be included in tariffs filed pursuant to the laws of the United States, and this rule is included herein as part of the tariff filed with governments other than that of the United States.

(I) Absence, loss, or irregularities of ticket

Condor will refuse carriage to any person not in possession of a valid ticket. In case of loss or non-presentation of the ticket or the applicable portion thereof, carriage will not be furnished for that part of the trip covered by such ticket or that portion thereof until

the passenger purchases another ticket at the current applicable fare for the carriage to be performed. Condor will not accept a ticket if any part of it is mutilated or if it has been altered, other than by Condor, or it is presented without the passenger's coupon and all unused flight coupons. Notwithstanding the foregoing, Condor will issue, at the passenger's request, a new ticket to replace the lost one, upon receipt of proof of loss satisfactory to Condor, and if the circumstances of the case in Condor's opinion warrant such action, provided that the passenger agrees, in such form as may be prescribed by Condor, indemnify Condor for any loss or damage, which Condor may sustain by reason thereof.

(J) Prepaid Tickets

- (1) Tickets may be purchased by means of a prepaid ticket advice, however unless otherwise provided, payment for a prepaid ticket advice will not constitute ticket issuance. The ticketing time limit requirement, when specified in the rule governing the applicable fare, will be met only when the ticket itself is issued

Exception: for fares from the US, which require special reservation and ticketing requirements, the prepaid ticket advice will constitute ticketing, provided it is issued within tariff deadlines and reservation requirements are met and shown on the prepaid ticket advice. Any cancellation, refund and rerouting will result in penalties against the prepaid ticket advice in the same manner as though a ticket were issued. An open prepaid ticket advice will not constitute ticketing for any special fare requirements.

- (a) Condor will impose a service charge of 35.00 USD for each prepaid ticket advice issued. This service charge is not subject to any discount and cannot be refunded. The charge shall accrue to the carrier issuing the prepaid ticket advice.

Part IV - After travel

Rule 121: Liability of the carrier for loss, damage to or delay of baggage, passenger delay or death or bodily injury – international transportation

Applicable to international transportation to and from Canada and includes domestic segments of an international journey.

(A) Successive carriers

- (1) Transportation to be performed under one ticket or under a ticket issued with any conjunction ticket by several successive carriers will be regarded as single operation.

(B) Laws and provisions applicable

Liability in the case of destruction or loss of, damage to, or delay of checked and unchecked baggage.

- (1) The carrier is liable for damages sustained in the case of destruction or loss of, damage to, or delay of checked and unchecked baggage, as provided in the following paragraphs:
 - (a) Except as provided below, the liability of the carrier is limited to 1,519 Special Drawing Rights (approximately \$ 2,780 CAD) for each passenger in the case of destruction, loss, damage, or delay of baggage, whether checked or unchecked, under the Warsaw Convention or the Montreal Convention, whichever may apply.
 - (b) Unless the passenger proves otherwise:
 - (i) All baggage checked by a passenger shall be considered the property of that passenger,
 - (ii) A particular piece of baggage, checked or unchecked, shall not be considered to be the property of more than one passenger, and

- (iii) unchecked baggage, including personal items, shall be considered to be the property of the passenger in possession of the baggage at the time of embarkation.
- (c) The passenger may make a special declaration that their baggage has a higher value than the carrier's maximum liability. If the passenger does so, then the passenger must make this declaration to the carrier at the time of check-in and, if required by the carrier, shall as per [Rule 55\(F\)](#), Excess Value Declaration Charge, pay the supplementary charge to allow for additional liability coverage in the case of destruction, loss, damage or delay of their checked baggage.

The passenger may declare a value in excess of the applicable liability limits for the checked baggage by completing a special declaration of interest and paying any excess value charges to the carrier prior to departure at the point of check-in at the rate of 95 CAD / 70 USD / 60 EUR per excess valuation.

Note: This provision is not applicable to a person's mobility aid. (For tariff provisions related to the carriage of mobility aids, see (3) – (7) below).

Exception: The carrier is not liable for the declared amount if it can prove that it is greater than the passenger's actual interest in delivery at destination. The declared amount, and the carrier's liability, shall not exceed the total amount of declaration permissible under the carrier's regulations as per [Rule 55 \(F\)](#).

In the case of transportation under the Warsaw Convention, no supplementary sum shall apply unless the declared amount exceeds 19 Special Drawing Rights per kilogram of the total recorded weight of the checked baggage at the time the baggage is handed to the carrier.

- (d) In the case of unchecked baggage, the carrier is liable only to the extent the damage resulted from its fault, or that of its servants or agents.
- (e) The carrier is liable for the damage sustained in case of destruction or loss of, or damage to, checked baggage upon condition only that the event which caused the destruction, loss or damage took place on-board the aircraft or during any period within which the checked baggage was in the charge of the carrier. However, the carrier is not liable if and to the extent that the damage resulted from the inherent defect, quality or vice of the baggage. Further, the carrier's liability for the destruction, loss, damage or delay of baggage is subject to the terms, limitations and defences set forth in the Warsaw Convention and the Montreal Convention, whichever may apply, in addition

to any limitation or defence recognized by a Court with proper jurisdiction over claim.

- (f) The carrier reserves all defences and limitations under the Warsaw Convention and the Montreal Convention, whichever may apply to such claims including, but not limited to, the defence of Article 20 of the Warsaw Convention and Article 19 of the Montreal Convention, and the exoneration defence of Article 21 of the Warsaw Convention and Article 20 of the Montreal Convention, except that the carrier shall not invoke Article 22(2) and 22(3) of the Warsaw Convention in a manner inconsistent with paragraph (1) above. The limits of liability shall not apply in cases described in Article 25 of the Warsaw Convention or Article 22(5) of the Montreal Convention, whichever may apply.

Refund of baggage fees

- (2) Carrier will refund to the passenger any fees paid for the transportation of the baggage that was delayed, damaged or lost.

Method used for refund

- (3) Refunds per (2) above will be made in conformity with [Rule 125](#) (A), General, and (B), Involuntary refunds and will be paid to the person who paid for the baggage fees, and will be paid using the method used for the original payment, unless:
 - (a) the carrier has informed the person in writing of the monetary value of the baggage fees, and the availability of a refund by the method used for the original payment;
 - (b) the refund is offered in another form that does not expire; and,
 - (c) the person confirms, in writing, that the carrier has informed them of their right to receive the refund by the method used for the original payment and that the person has chosen to receive the refund in another form (e.g. a voucher).

- (4) Where a refund is required to be provided under this Rule, it will be provided within 30 days of the baggage being delayed, damaged or lost.

Mobility aids

- (5) In the event that a mobility aid of a person travelling with the aid is damaged, destroyed or lost, or is not made available to the person at their time of arrival at their destination, the carrier will without delay and at the carrier's own expense:

- (a) provide the person with a temporary replacement mobility aid that meets their needs in relation to their mobility and that they are permitted to use until their mobility aid is returned to them or is repaired or replaced or until they are reimbursed by the carrier for the loss of the mobility aid;
- (b) reimburse the person for any expenses they have incurred because the mobility aid was damaged, destroyed or lost or because it was not made available to them at the time of their arrival at their destination;
- (c) in the case of a damaged mobility aid, arrange for the repair of the mobility aid and promptly return it to the person or, in the case of a damaged mobility aid that cannot be adequately repaired,
 - (i) replace the damaged mobility aid with the same model of mobility aid or, if the same model is not available, a model that has equivalent features and qualities as the damaged mobility aid and that meets the person's needs in relation to their mobility, or
 - (ii) reimburse the person for the full replacement cost of the mobility aid; and

 - (ii) reimburse the person for the full replacement cost of the mobility aid.
- (6) If a person with a disability who uses a mobility aid makes a reservation for transportation on an international service, the air carrier will advise the person of the option to make a special declaration of interest, under Article 22(2) of the Montreal Convention or under Article 22(2) of the Warsaw Convention, that sets out the monetary value of the mobility aid and a description of its identifying features.
- (7) The carrier will permit a person with a disability to make the special declaration of interest, at no additional charge to the person, at any time before the mobility aid is removed by the carrier for storage in the aircraft's baggage compartment.

- (8) In respect of limits of liability for mobility aids in this rule, pursuant to Article 25 of the Montreal Convention, the carrier stipulates that there are no limits of liability whatsoever.

Service dogs

- (9) If a person with a disability who uses a service dog, makes a reservation for transportation on an international service, the air carrier will advise the person of the option to make a special declaration of interest, under Article 22(2) of the Montreal Convention or under Article 22(2) of the Warsaw Convention, that sets out the monetary value of the animal.
- (10) The carrier will permit a person with a disability to make the special declaration of interest, at no additional charge to the person, at any time before the service dog, is carried by the carrier.
- (11) Should injury or death of a service dog, result from the fault or negligence of the carrier, the carrier will undertake to provide expeditiously, and at its own expense, medical care for or replacement of the service dog.

Liability in the case of passenger delay

- (12) The carrier shall be liable for damage occasioned by delay in the carriage of passengers by air, as provided in the following paragraphs:
- (a) The carrier shall not be liable if it proves that it and its servants and agents took all measures that could reasonably be required to avoid the damage, or that it was impossible for it or them to take such measures.
 - (b) Damages occasioned by delay are subject to the terms, limitations and defences set forth in the Warsaw Convention and the Montreal Convention, whichever may apply, in addition to any limitation or defence recognized by a Court with proper jurisdiction over a claim.
 - (c) The carrier reserves all defences and limitations available under the Warsaw Convention or the Montreal Convention, whichever may apply to claims for damage occasioned by delay, including, but not limited to, the exoneration defence of Article 21 of the Warsaw Convention and Article 20 of the Montreal Convention. Under the Montreal Convention, the liability of the carrier for damage caused by delay is limited to 6,303 Special Drawing Rights per passenger. The limits of liability shall not apply in cases described in Article 25 of the Warsaw Convention or Article 22(5) of the Montreal Convention, whichever may apply.

Liability in the case of death or bodily injury of a passenger

(13) The carrier shall be liable under [Article 17 of the Warsaw Convention](#) or the [Montreal Convention](#), whichever may apply, for recoverable compensatory damages sustained in the case of death or bodily injury of a passenger, as provided in the following paragraphs:

- (a) The carrier shall not be able to exclude or limit its liability for damages not exceeding 151,880 Special Drawing Rights for each passenger.
- (b) The carrier shall not be liable for damages to the extent that they exceed 151,880 Special Drawing Rights for each passenger if the carrier proves that:
 - (i) Such damage was not due to the negligence or other wrongful act or omission of the carrier or its servants or agents; or
 - (ii) Such damage was solely due to the negligence or other wrongful act or omission of a third party.
- (c) The carrier reserves all other defences and limitations available under the [Warsaw Convention](#) or the [Montreal Convention](#), whichever may apply, to such claims including, but not limited to, the exoneration defence of [Article 21 of the Warsaw Convention](#) and [Article 20 of the Montreal Convention](#), except that the carrier shall not invoke [Articles 20 and 22\(1\) of the Warsaw Convention](#) in a manner inconsistent with paragraphs (1) and (2) above.
- (d) With respect to third parties, the carrier reserves all rights of recourse against any other person, including, without limitation, rights of contribution and indemnity.

The carrier agrees that, subject to applicable law, recoverable compensatory damages for such claims may be determined by reference to the laws of the country of the domicile or country of permanent residence of the passenger.

(14) In cases of bodily injury or death, the carrier shall make an advance payment where the carrier determines it is necessary to meet the immediate economic needs of, and hardship suffered by, a passenger as provided in the following paragraphs:

- (a) Unless a dispute arises over the identity of the person to whom an advance payment shall be made, the carrier shall, without delay, make the advance payment to the passenger in an amount or amounts determined by the carrier in its sole discretion. In the event of death of a passenger, the amount of the advance payment shall not be less than 16,000 Special Drawing Rights, which shall be paid to a representative of the passenger's next of kin eligible

to receive such advance payment as determined by the carrier in its sole discretion.

- (b) The carrier shall make the advance payment as an advance against the carrier's liability under the [Warsaw Convention](#), or the [Montreal Convention](#), whichever may apply. An advance payment shall not constitute recognition of liability. An advance payment shall be offset against, or deducted from the payment of, any settlement or judgment with respect to any claim for compensation on behalf of the passenger.
- (c) The carrier, in making an advance payment, does not waive any rights, defences, or limitations available under the [Warsaw Convention](#), or the [Montreal Convention](#), whichever may apply, to any claim, nor shall acceptance of an advance payment constitute a release of any claim, whatsoever, by any person.
- (d) The carrier, in making an advance payment, preserves its right to seek contribution or indemnity from any other person for such payment, which shall not be deemed to be a voluntary contribution or contractual payment on the part of the carrier.
- (e) The carrier may recover an advance payment from any person where it is proven that the carrier is not liable for any damage sustained by the passenger, or where it is proven that the person was not entitled to receive the payment, or where and to the extent that it is proven that the person who received the advance payment caused, or contributed to, the damage.
