

5 Medical needed devices in the hand luggage (if applicable):

5.1 Do you wish to take along your own oxygen concentrator:

- No** **Yes**

Manufacturer name and model name of the oxygen concentrator:

I hereby confirm that the oxygen concentrator is battery powered since a main power supply cannot be guaranteed. I also confirm that the concentrator has a battery life of 150% of the flight time and it is an FAA approved oxygen concentrator.

(https://www.faa.gov/about/initiatives/cabin_safety/portable_oxygen/)

5.2 Other medical needed devices in the hand luggage (please indicate):

- I hereby confirm that the mentioned device is approved for air travel.

6 Declaration by the Passenger:

6.1 Authority to process my Medical Information

In order to enable Condor to confirm my fitness to fly for my booked flights, I hereby explicitly consent to and authorise my doctor mentioned at section 4 above to disclose the necessary information to Condor and their commissioned medical advisors solely for the purpose of determining my fitness to fly and to allow them to fulfil any special assistance requirements. I also explicitly consent to release the attending doctor from his or her obligation to maintain my medical information strictly confidential with respect to the disclosure to Condor. I reserve the right to revoke my consent to Condor to process my medical information at any time, but recognise that this may result in my being deemed not fit to fly and being therefore denied carriage on my booked flights.

6.2 Information about Assistance on Board and Conditions of Carriage

The flight attendants of Condor are not permitted to provide any special medical help or assistance. Our cabin crew are only trained in first aid and are therefore not qualified to administer injections or medicines or any other complex medical procedures beyond simple first aid. You must be reasonably satisfied that you are medically fit to fly. If, despite having received medical clearance, you subsequently do not feel fit enough to fly please inform us immediately. Your flight continues to be subject to our general booking terms and conditions and conditions of carriage.

I hereby confirm that I have taken note of all the information at point 6.1 and 6.2. Ensuing costs related to my medical diagnosis or to the flight itself shall be borne by me unless otherwise regulated by law. I also confirm that all the information provided in this form is true and complete.

Place / Date: _____

6.3 Statement of Data Privacy

Condor understands and respects the importance of protecting your personal data.

The information about your health is being collected and processed by Condor Flugdienst GmbH. This If you have any questions about this fitness to fly form, you can email us at meda@condor.com and we will be happy to assist you.

By providing information about your health (whether directly to us or through your doctor on your behalf), you have explicitly consented to us collecting information about your health and processing it for the purposes of determining whether you are medically fit to fly on your booked flight. If you provide this information about another person, you are representing to us that they have expressly consented to this.

We need your express consent before we can carry out such processing in respect of your personal data. There is no obligation on you to provide your consent but if you decide not to give your consent we may not be able to fulfil your booking and may not be able to provide you with travel or assistance.

We may disclose information about your health/the health of a person who's legal guardian I am:

- To companies in Condor, third party service providers, such as our specialist aviation medical experts, to the extent that it is strictly necessary for the purposes for assessing your fitness to fly and fulfilling any special assistance requirements;
- To Civil Aviation Authorities, and if necessary, to health authorities and border control;
- If there is more than one person named in your flight booking, or to your travelling companion who is accompanying you to provide assistance;
- Any other person or organisation from whom you have explicitly asked us to obtain or to disclose sensitive personal data about your health e.g. your doctor;

In the event of an emergency or other incident in which you are involved, we may disclose your personal data to persons and organisations involved in the emergency/incident response, and to your family member (s) who may contact us requesting information about your wellbeing.

For details about how we collect, process and use information and data about you please read our privacy policy at <https://www.condor.com/eu/help-contact/data-protection-policy.jsp>.

Yes, I have read and understood the above statement and agree to the processing of my personal data/the data of the person who's legal guardian I am as per the Data Privacy statement above.

For withdrawal of consent, you can send an email to meda@condor.com. You can withdraw your consent to Condor to process your medical information at any time, but recognize that this may result in my being deemed not fit to fly and being therefore denied carriage on my booked flights. If the flight was already booked, there might be cancellation fees.

Dear attending doctor,

Mr/Mrs _____ is planning to travel on the below flights.

| Flight Information | | |
|------------------------|-------------------------------|-------------|
| Outbound flight | | |
| Date: _____ | From: _____ | To: _____ |
| Flight Number: _____ | Flight duration: _____ | Hours _____ |
| Return flight | | |
| Date: _____ | From: _____ | To: _____ |
| Flight Number _____ | Flight duration: _____ | Hours _____ |

It is Condors responsibility to ensure a safe journey for our customers and their fitness to fly. That includes a stable state of health.

Please consider that travelling on an aircraft at altitude can have severe impact on a medical condition (e.g. significant drop in oxygen saturation and this could therefore lead to severe hypoxemia). For further details you can find the requirements for medical clearance of Condor attached.

My patient has the following medical condition:

Please choose **one** of the options below:

- I have read the given information. In my judgement my patient is **fit to fly** on the stated flights according to the attached requirements for medical clearance on Condor flights.
- I have read the given information. In my judgment my patient is **fit to fly** on the stated flights **with the following additional requirements** (e.g. customer needs to take his own portable oxygen concentrator or needs a chargeable extra seat):

- I have read the given information. In my judgement my patient is **not fit to fly** on the above mentioned flights.

Place _____ **Date** _____

Stamp and Signature of the attending doctor _____
